

## Nightclub Two-Step

The Nightclub Two-Step is a contemporary slow dance that has rock steps and a sideways glide that creates a bit of a sway. It's perfect for slow songs that you hear at most dances. Do not confuse the name of this dance with a Country Two-Step. This is a slow dance that moves gently and slowly in place.

This dance is perfectly suited for romantic songs like *The Lady in Red* by Chris de Burgh, *At Last* by Etta James, and *You Give Your Hand to Me* by Michael Buble'.
